About us

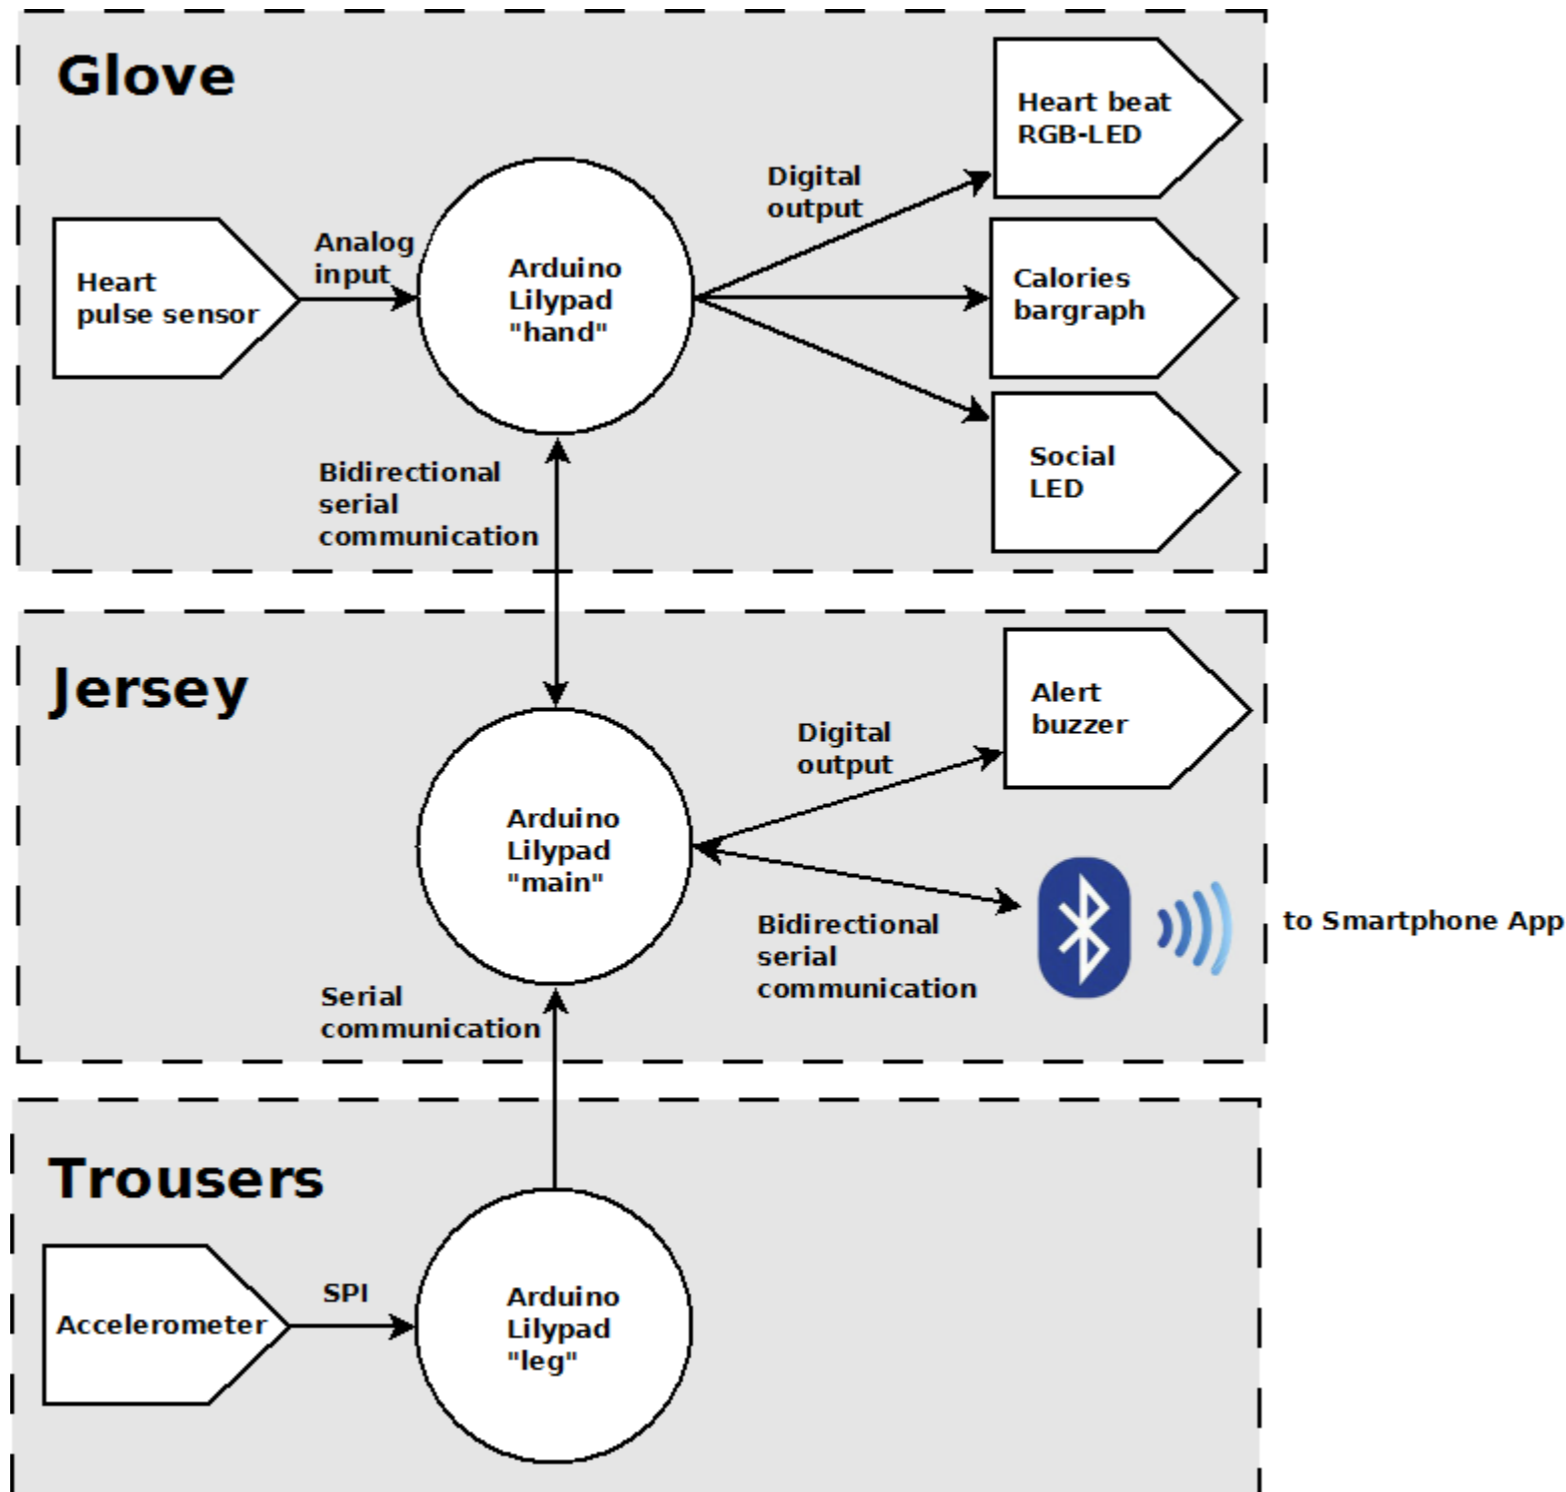

TECHIEWEAR WALKEO

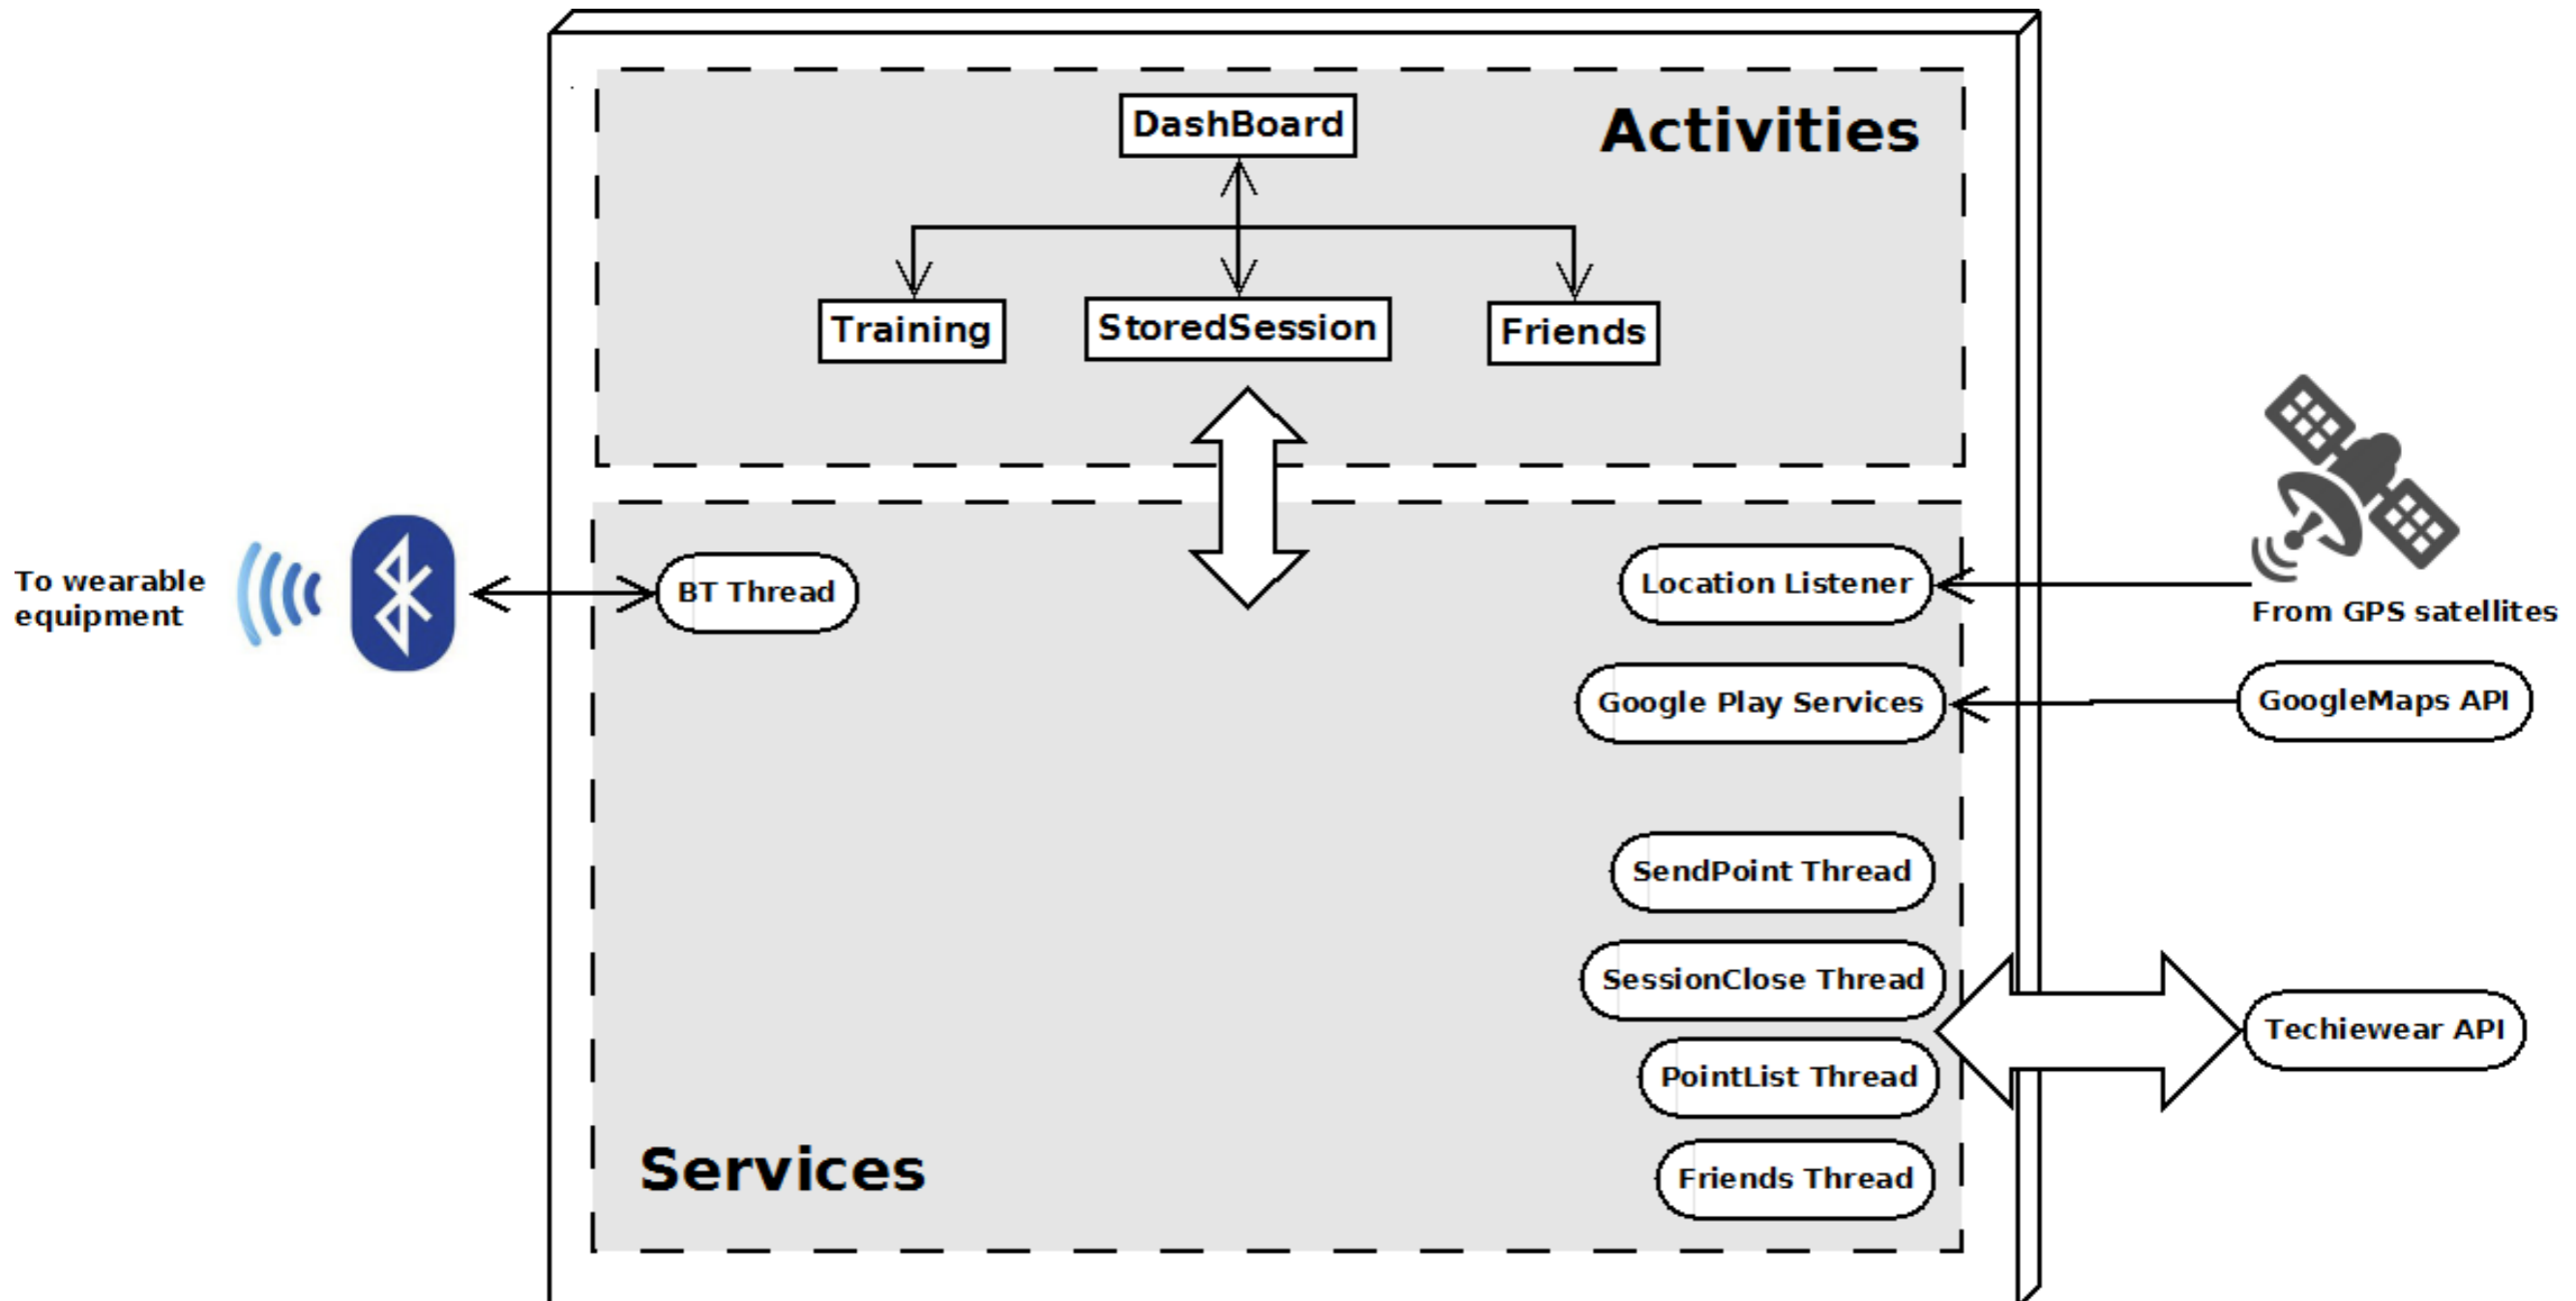

Check your physical activity in real time wearing a smart tracksuit; control your heart rate and how many calories you have burnt; track your position and get connected to your training session; keep in touch with near friends.

Monsterize for kids [Maker Faire Rome, 3th October 2014]

- A workshop for 8 to 14 years old students based on Arduino programming. Arduino kits will be provided to the participants. The tutorial will be held in English by an ICT student. The participants will be helped by ICT students who, as mentors, will provide assistance and suggestions.
